An incredible spa...

With treatment rooms, a full service salon and a waterfront meditation room, relaxing music and a delicious lunch menu, our European Spa is a tranquil sanctuary where you can leave your worries and renew your body and spirit. With the world-class facilities in a fabulous setting, this is the perfect place for the personal attention to make you feel like royalty.

Renovated in 2006, The Coeur d'Alene Resort Spa incorporates 21 rooms, eight manicure/pedicure stations overlooking Lake Coeur d'Alene, a state-of-the-art hydrotherapy and massage component, and a couples massage room, a glass rooftop relaxation conservatory with spectacular views of Lake Coeur d'Alene, all complemented by elegant and fully appointed dressing rooms - separate areas for women and men, and apart

from the pool changing area.

World-class dining...

Our Culinary team travels the globe to bring our Guests a world-class dining experience. From the Italian creations of *Tito Macaroni's*, to upscale Pan-Asian fare at *Bonsai Bistro*, the diversity of family dining at *Dockside*, steaks and seafood at *The Beachouse*, *Cedars Floating Restaurant* and our DiRona (Distinguished Restaurants of North America) award-winning signature restaurant *Beverly's*, you will sample something for everyone. The Resort also features three indoor lounges and two outdoor lounges, two Starbucks Coffee outlets and is within walking distance of dozens of other restaurants.

The Coeur d'Alene Resort offers three distinctive rooms types for our Guests. Their most popular lodging category is the Premier rooms. The Premier rooms are like mini-suites and range in size from 500 to 550 square feet. These rooms feature private balconies, sunken living room areas, separate changing areas, and spectacular views of the lake, the mountains or the city. Other popular amenities include a 27" cable color TV with remote, custom work desk with two line phone and data port, terry robes, complimentary coffee service, nightly turn down service, mini-

bar, iron and board, comfortable reclining lounge chair & custom sofa and upgraded bath amenities. Many of these rooms also include fireplaces.

The Deluxe category offers similar five-star quality on a single level and is approximately 350 to 400 square feet. All Deluxe rooms feature panoramic views of the various vistas, which capture the spirit of Coeur d'Alene and North Idaho. Lake, city and mountain views are framed within the comfortable working desk with 2-line phone and data port, 27" cable color TV with remote, terry robes, mini-bar, iron and board, complimentary coffee service, comfortable reclining

lounge chair, nightly turn down service and upgraded bath amenities.

In addition to the 300 five-star Premier and Deluxe rooms, they also offer a handful of Traditional rooms for the more budget minded travelers. These are comfortable and well-appointed rooms located in the original North Wing section of the Resort. This lodging category best serves the needs of the Guests who appreciate the value of a full service Resort at a minimum rate. All Traditional rooms feature a single queen-size bed or two full beds, cable color TV with remote, terry robes, work desk, comfortable reclining chair with ottoman and complimentary in-room coffee service.

The Resort also offers a choice of 15 suites that include the following Penthouse Suites:
